About our classes

We've got your child's development all wrapped up. Here at Maggie & Rose, we live out our days thinking of great new ways to inspire children and adults alike. Not only are our clubs testament to our ethos, but also our range of sensory inspiring classes are a great example of how our creative brains are always switched on. It's amazing to see how a child learns and grows from day one, and this is what Maggie & Rose is all about - creating an inspiring place for families to learn how to play and grow together.

Messy Masters Art

Little ones will be making their own artworks inspired by an array of exciting and unique themes over the summer, from Horrible Histories, to Dinosaurs, to the Planet, and even recycling. Getting arty is one of our favourite things to do, and classes promise to be fun, messy and the perfect form of expression for our budding artists!

Let's Get Cooking

Come and join us for a culinary mash up over the summer as our little chefflets get busy in the kitchen. Each week, expect our mini cooks to get stuck in to lovingly creating a delicious recipe. Explore new foods, flavours and cultures too!

Mini Musicians

Our music classes will have everyone, from babies to grandparents wiggling along to the beat! This term is no exception! Whether getting swept away with the music from the Rockin' Roman times, jammin' along to the sounds of dinos, or even learning our ABC's through music, this is a class any mini musician cannot miss!

Make & Make-Believe

Whether working in the lab with our crazy chemistry class, becoming a superstar singer, going off on a Treasure Island adventure or becoming an archaeologist on a dino dig, you'll be transported to scenarios and places far and wide. The only limit is your imagination!
